Authors must register by Thursday, 8 August 2013

PLEASE REMEMBER: At least one author of an accepted paper must register at the FULL OR LIMITED (RG01-RG06) rate even if the author is a student.

For authors presenting multiple papers, **one registration is valid for one person; however, it can cover up to three (3) papers.** Please enter your EDAS paper numbers below.

EDAS Paper # _____

EDAS Paper # _____

EDAS Paper # _____

The registration confirmation code you receive enables you to upload your final manuscript to the EDAS submission site. Sharing this code with anyone else is unethical and consequences apply. This EDAS Author Account must be accessed using the original submitting author log-in information.

Authors with over length papers (7th page – US\$100 over length charge) should pay for these extra pages via EDAS when they upload the final versions of their accepted papers.

PLEASE NOTE: To be published in the IEEE GLOBECOM 2013 Conference Proceedings and IEEE Xplore®, an author of an accepted paper is required to register for the conference at the full or limited (member or non-member) rate and **the paper must be presented by an author of that paper at the conference** unless the TPC Chair grants permission for a substitute presenter in advance. A Student or Life Member Registration does not meet the Author Requirements. Non-refundable registration fees must be paid prior to uploading the final IEEE formatted, publication-ready version of the paper. For authors with multiple accepted papers, one full or limited registration is valid for up to three (3) papers. Accepted and presented papers will be published in the IEEE GLOBECOM 2013 Conference Proceedings and submitted to IEEE Xplore®.
